What We're Reading  
**Presidential Papers**

Young George Stephanopoulos fell head over heels for Bill Clinton's political charisma, and he knows what really went on behind closed White House doors. In the just-released *All Too Human: A Political Education*, Clinton's brilliant former adviser tells all about the inspiring achievements, the mortifying blunders, and the spiral into sin and spin.

The conflict rings true because Tiger is partly based on Le Carré's actual father. More [bestselling hardcover fiction](#) [Read more](#)
